

## **School of Accounting Mission Statement**

The mission of the School of Accounting is to prepare graduates for positions of leadership in business.

To achieve its mission, the School strives to:

1. Create a learning environment that
  - a. Emphasizes scholarship, social responsibility, and a commitment to the accounting profession.
  - b. Prepares its students for further education or productive careers by establishing the foundations for life-long learning.
2. Create a research environment for faculty and doctoral students that is productive, collegial and intellectually stimulating, resulting in
  - c. Significant intellectual contributions in basic and applied scholarship and in instructional development.
  - d. Doctoral graduates who become innovators and leaders in accounting research.
3. Provide significant service and leadership to the accounting profession, the School of Business, the University, the community, and academic organizations.
